Throughout his career, Mr. Clyde has specialized in natural resources law, including oil and gas, public land law, and mining law, with a primary emphasis in water law.

Mr. Clyde has represented many clients in the buying and selling of water rights and in the conversion of water rights from agricultural irrigation use to domestic, municipal, and industrial use for development of real property, particularly in the resort areas of Summit County, Utah. He has represented parties in the negotiations of a Lease of Power Privilege on Bureau of Reclamation Facilities for the Central Utah Project and in the negotiation of power sales contracts from the hydroelectric facilities constructed under the lease. Mr. Clyde is general counsel to the Central Utah Water Conservancy District, the sponsor of the Central Utah Project, and is knowledgeable regarding federal reclamation law. Real estate development projects for which he handled the water rights acquisition and conversion include the Jeremy Ranch, Park Meadows Golf Course and Development, Glenwild Golf Resort, Ranch Place, Landmark Plaza, Mountain Regional Water Special Service District, Summit Park Special Service District, Park City Mountain Resort, Snowbasin Ski Resort, Brian Head Ski Resort, and many others.

Mr. Clyde has represented many individuals and entities before the State Engineer of the State of Utah, both as applicants and as protestants to water rights applications, and has litigated water rights appeals in Utah state and federal courts, and the Utah Supreme Court. He also has experience in local government law and has represented many clients in planning and zoning activities before city and county planning and zoning authorities, drafted a water concurrency ordinance for Summit County, Utah, and created local special districts to provide water and sewer service within and without incorporated municipalities.

Additionally, he has served on the Utah Legislature's Water Task Force and on the Executive's Water Task Force since 2007 to revise Utah's water laws. He is also a registered lobbyist for Central Utah Water Conservancy District.

PRACTICES

- Water Rights and Resources
- Water Quality
- Water Rights Litigation
- Natural Resources
- Administrative Law
- Local Government Law
- Real Estate and Real Property
- Real Estate Litigation
